DETAILED ACTION

1. Claims 1-23 are pending in the instant application.

Election/Restrictions

2. This application contains claims directed to the following patentably distinct species:

- I. Claims 1-5, 10-15, 18-20 and 23, the embodiment of figures 4 and 5, drawn to sampling timing compensation accomplished via control of a cyclic prefix remover, classified in class 375, subclass 362.
- II. Claims 1-4, 6-9, 10-14, 16, 17, 18, and 21-23, the embodiment of figures 6 and 7, drawn to sampling timing compensation accomplished via control of a ADC sampling device, classified in class 375, subclass 355.

The species are independent and distinct because they each solve a similar problem in two exclusively independent and distinct ways. The two patentably distinct species are not disclosed as being capable of use together and do not depend upon each other for operation. In fact, each species is exclusive of each other and is not capable of being utilized together.

Applicant is required under 35 U.S.C. § 121 to elect a single disclosed species for prosecution on the merits to which the claims shall be restricted if no generic claim is finally held to be allowable. Currently, claims 1-4, 10-14, 18 and 23 are generic.

Applicant is advised that a reply to this requirement must include an identification of the species that is elected consonant with this requirement, and a listing of all claims readable thereon, including any claims subsequently added. An argument that a claim

Art Unit: 2611

is allowable or that all claims are generic is considered nonresponsive unless accompanied by an election.

Upon the allowance of a generic claim, applicant will be entitled to consideration of claims to additional species which depend from or otherwise require all the limitations of an allowable generic claim as provided by 37 § CFR 1.141. If claims are added after the election, applicant must indicate which are readable upon the elected species.

MPEP § 809.02(a).

3. A telephone call was made to Bruce Troxell on June 4, 2007 to request an oral election to the above restriction requirement, but did not result in an election being made.
